Corporate Services: Performance Summary

Essex Police Performance Summary: To September 2015

1. Introduction

This performance summary is designed to pictorially represent how individual districts are performing within each crime type.

The report includes:

- Charts to show the cumulative (from April) percentage differences between the number of offences, and the percentage pt. differences between the solved rates, in each district, for the current period compared to the same period the previous year.
- Tables of data relating to both cumulative and rolling figures for this district.

Solved Rate: Essex Police could potentially still be under-extracting the number of crimes that have been solved.

2. Current Position

Corporate Services: Performance Summary

Essex Police Performance Summary: To September 2015

1. Introduction

This performance summary is designed to inform individual districts if, cumulatively, they are performing better or worse than the same period last year. It is expected that this data, where required, will be shared with the Community Safety Partnerships, as well as acting as an aid to officers attending local engagement meetings.

The data includes:

- Charts to show the cumulative (from April) percentage differences between the number of offences, and the percentage pt. differences between the solved rates, in each district, for the current period compared to the same period the previous year.
- Tables of data relating to both cumulative and rolling figures for this district.

2. Current Position

- Maldon has an all crime offence decrease of 5.0% (62 offences) April - September 2015 when compared to the same period last year.
- Maldon has had a 0.6% increase in ASB (4 incidents) April - September 2015 when compared to the same period last year.

2.1 Offences

Areas of improvement include:

Theft Offences 21.7% (146 offences) better

Vehicle Offences (incl. Interference) 43.2% (95 offences) better

Areas identified for improvement include:

Sexual Offences 117.6% (20 offences) worse

Dwelling Burglary 56.3% (18 offences) worse

2.2 Solved Rates

Solved rate: Essex police could potentially still be under-extracting the number of crimes that have been solved, therefore areas of improvement and areas identified for improvement have not been considered in this document.
