Please find enclosed the following urgent report, for consideration at the above meeting. This report has been brough forward with the agreement of the Chairman and Vice-Chairman.

13 a) <u>Additional Restrictions Grant and Covid-19 Additional Relief Fund</u> <u>Policies</u>(Pages 3 - 68)

Yours faithfully

Director of Strategy, Performance and Governance

# Agenda Item 13a

# REPORT of DIRECTOR OF RESOURCES

to STRATEGY AND RESOURCES COMMITTEE 3 FEBRUARY 2022

# **URGENT ITEM OF BUSINESS**

# ADDITIONAL RESTRCITIONS GRANT AND COVID-19 ADDITIONAL RELIEF FUND POLICIES

# 1. PURPOSE OF THE REPORT

- 1.1 The report seeks approval for two new policies to allow the distribution of grants and rates relief to businesses following additional government funding.
- 1.2 This matter is brought forward for consideration with the agreement of the Chairman and Vice-Chairman as approval of the business grants and relief policies will enable the Council to provide urgent support to local businesses impacted by the Covid-19 Omicron variant.

#### 2. **RECOMMENDATIONS**

- (i) That the Additional Restrictions Grant policy at **APPENDIX 1** is approved and delegation is given to the Director of Resources in consultation with the Leader of the Council and Chairman of the Strategy and Resources Committee to amend the policy to respond to business need;
- (ii) That the COVID-19 Additional Relief Fund policy at **APPENDIX 2** is approved and delegation is given to the Director of Resources in consultation with the Leader of the Council and Chairman of the Strategy and Resources Committee to amend the policy to respond to business need.

#### 3. SUMMARY OF KEY ISSUES

- 3.1 Following additional restrictions announced in response to the Omicron variant the government allocated billing authorities additional funding to be used to support businesses.
- Funding of £145,623.74 has been awarded to Maldon District Council (DC) to provide grants to businesses and £914,862 has been awarded to fund a discretionary business rates relief scheme.
- 3.3 The Council has been providing support in this form to businesses throughout the pandemic and has a good knowledge base from which to develop these policies and understand the needs to local businesses.
- 3.4 The Additional Restrictions Grants (ARG) Policy at **APPENDIX 1** is in line with published guidance and provides a framework for the award of direct grants to

businesses which are out of scope for the mandatory Omicron grant scheme. The level of grant (£1,000) has been set at an amount that is lower than the minimum grant being paid to rated businesses under the mandatory scheme in order to maximise the number of businesses that can be supported from what is a relatively small amount of funding.

- 3.5 The COVID-19 Additional Relief Fund (CARF) Policy at **APPENDIX 2** is in line with published guidance and provides a framework for the award of discretionary rate relief for 2021/2022 to businesses that have been affected by the pandemic but have been ineligible for existing support, provided primarily for the retail, hospitality and leisure sectors.
- 3.6 **APPENDIX 2** provides for a fair approach using a standard percentage relief, across eligible businesses. The exact percentage cannot be confirmed at the current time as the exact number / nature of the businesses in our District is, in many cases, unknown and flexibility on this point is required whilst further work is undertaken in order to maximise the benefit to those businesses and the Section 31 grant to Maldon District Council.
- 3.7 In order that the support is directed towards businesses and to those that are most likely to have been impacted the policy includes provision for a number of business 'special categories' to be excluded from the scheme. This list at **APPENDIX 3** has been created with reference to knowledge gained during administration of previous grant schemes and to the information provided within the CARF guidance. Annex A to **APPENDIX 4** outlines the financial impact on different business sectors.

#### 4. CONCLUSION

- 4.1 Approval of the policies will allow the Council to support local businesses.
- 4.2 If approved, the Covid Additional Relief scheme will be appended to the Council's Discretionary Rate Relief Policy due to be considered by the Council at its next meeting.

# 5. IMPACT ON STRATEGIC THEMES

5.1 The funding will support the local economy.

#### 6. IMPLICATIONS

- (i) <u>Impact on Customers</u> Direct grants and reductions support local business.
- (ii) Impact on Equalities None.
- (iii) Impact on Risk None.
- (iv) <u>Impact on resources (financial)</u> The schemes are fully funded by central government.

# 1.0 Purpose of the Scheme and background.

- 1.1 The purpose of this document is to determine eligibility for a payment under the Council's Additional Restrictions Grant Scheme (ARG). The Council, as the Business Rates Billing Authority is responsible for payment of these grants.
- 1.2 This discretionary grant scheme has been developed by the Council in response to an announcement made by the Treasury on 21<sup>st</sup> December 2021 and the Omicron Hospitality and Leisure Grant guidance on 30<sup>th</sup> December 2021. Both relate to an economic support package designed to support businesses that are experiencing difficulties because of the Omicron variant, and the dual impact of staff absences and lower consumer demand.
- 1.3 Whilst the awarding of grants will largely be at the Council's discretion, the Department for Business, Energy & Industrial Strategy (BEIS) has set down criteria which **must** be met by each business making an application.
- 1.4 Funding under the Additional Restrictions Grant (ARG) scheme is only available for the 2021/22 financial year and all grants will be paid by 31<sup>st</sup> March 2022 in accordance with Government guidance.
- 1.5 This ARG will provide assistance and further support to businesses from certain defined sectors that may have been severely impacted by restrictions due to the Omicron variant.

# 2.0 Funding

- 2.1 Under the Additional Restrictions Grant Scheme (ARG) provisions, local authorities have received limited funding from Central Government.
- 2.2 In view of that, should funding be exhausted, the Council reserves the right to either reduce the awards available or to close the scheme.

# 3.0 Eligibility criteria and awards

# **Eligibility Criteria**

- 3.1 The Council has decided that the businesses who can apply for a grant under this scheme are businesses that have ongoing, unavoidable, fixed property costs, have been severely impacted by the Omicron variant of Coronavirus **and** are either:
  - (a) Businesses that are predominately reliant on social indoor mixing (e.g., hospitality, leisure, event/event management and accommodation sectors); **or**
  - (b) are businesses in the supply chain for hospitality, leisure, event/event management and accommodation sectors; **or**
  - (c) are businesses where are not directly liable for business rates and whose business rates are included within rents (e.g., those operating in shared spaces).

#### **Award Levels**

3.2 Where a business is eligible under 3.1 above, a single one-off payment of £1,000 will be awarded.

### **Exceptional cases**

3.3 A one-off grant of up to £10,000 *may* be available in exceptional cases, where other criteria are met, *and* where the failure of the business would have a significant impact on the residents of the district.

# 4.0 Excluded businesses

- 4.1 The following businesses will **not** be eligible for an award:
  - (a) Businesses that have not been affected by the Omicron variant;
  - (b) Businesses that have chosen to close but not been required to, will not be eligible;
  - (c) Businesses which have already received grant payments that equal the maximum levels of subsidy as defined within this policy; and
  - (d) Businesses that were in administration, are insolvent or where a striking-off notice has been made at the date of the local restriction or widespread national restriction.

# 5.0 Who can receive the grant?

- 5.1 Government has stated that the person who will receive the grant will be the person who, according to the Council's records, was the ratepayer in respect of the hereditament at the effective date. Where there is no entry in the rating list for the business, the Council will have discretion to determine who should receive the grant.
- 5.2 Where the Council has reason to believe that the information it holds about the applicant is inaccurate, it may withhold or recover the grant.
- 5.3 Where, it is subsequently determined that the records held are incorrect, the Council reserves the right to recover any grant incorrectly paid.
- 5.4 Where any business misrepresents information or contrives to take advantage of the scheme, the Council will look to recover any grant paid and take appropriate legal action. Likewise, if any person is found to have falsified records in order to obtain a grant.

# 6.0 How will grants be provided to Businesses?

- 6.1 The Council is fully aware of the importance of these grants to assist businesses and support the local community and economy. The Council's Additional Restrictions Grant (ARG) scheme will offer a lifeline to businesses who are struggling to survive during to the COVID-19 crisis.
- 4.2 Details of how to obtain grants are available on the Council's website: https://www.maldon.gov.uk/business
- 4.3 A three-week period will be provided by the Council during which applications can be made. Details are shown on the Council's website.

- 7.2 The applicant may receive a grant under this Scheme using one of the following Subsidy Allowances:

# 1.0 Purpose of the Policy

- 1.1 The purpose of this policy is to determine the level of discretionary relief payable under the Council's COVID-19 Additional Relief Fund (CARF) scheme.
- 1.2 Central Government has provided the authority with funding to assist those ratepayers who businesses have been (and continue to be) affected by the pandemic but that are ineligible for existing support linked to business rates.
- 1.3 The Government has not changed the legislation relating to the business rates reliefs available to properties. Instead, the Government will, in line with the eligibility criteria set out in this policy, reimburse local authorities where relief is granted using discretionary relief powers under section 47 of the Local Government Finance Act 1988.
- 1.4 Whilst funding is provided by Central Government, it is for the Council to decide its own local scheme and determine in each individual case whether to grant this particular relief.
- 1.5 Relief under the CARG scheme will only be available to reduce chargeable amounts in respect of the 2021/22 financial year.
- 1.6 This document outlines the following areas:
  - Details of the criteria for receiving Discretionary Reliefs under the COVID-19 Additional Relief Fund (CARF) scheme;
  - The Council's policy for the granting the relief;
  - General guidance on granting and administering the reliefs and awards;
  - Subsidy Controls applicable; and
  - The Council's Scheme of Delegation.
- 1.7 Where ratepayers apply for relief they will be granted (or not granted) relief under the COVID-19 Additional Relief Fund (CARF) scheme in line with the following policy.

# 2.0 Discretionary Relief – Legislative Background

## Introduction

- 2.1 The original purpose of discretionary relief was to provide assistance where the property does not qualify for mandatory relief, or to 'top' up cases where ratepayers already receive mandatory relief.
- 2.2 Over recent years and particularly since 2011, the discretionary relief provisions have been amended to allow authorities the flexibility to provide more assistance to businesses and organisations.
- 2.3 The range of bodies, which are eligible for discretionary rate relief, is wide and not all of the criteria laid down by the legislation will be applicable in each case.
- 2.4 The Council will expect all businesses provide such information and evidence as required in order to determine whether relief should be awarded.
- 2.5 There is no statutory appeal process or Tribunal against any decision made by the Council although, as with any decision of a public authority, decisions can be reviewed by Judicial Review. The authority will however, upon request, review decisions made. Details of the internal review process are given within this policy.
- 2.6 The decision to grant or not to grant discretionary relief is a matter purely for the Council.

# 3.0 Eligibility for discretionary relief under the COVID-19 Additional Relief Fund (CARF) scheme

- 3.1 Whilst the Council has determined its own scheme, the Department for Levelling Up, Housing and Communities has stated that, in order for the Council to receive the allocated funding, it must:
  - (a) **not** award relief to ratepayers who for the same period of the relief either are or would have been eligible for the Expanded Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS);
  - (b) **not** award relief to a hereditament for a period when it is unoccupied (other than hereditaments which have become closed temporarily due to the government's advice on COVID-19, which should be treated as occupied for the purposes of this relief), and
  - (c) direct their support towards ratepayers who have been adversely affected by the pandemic and have been unable to adequately adapt to that impact.

- 3.2 In line with section 47(8) of the Local Government Finance Act 1988, the Council must not grant any relief to itself or to either local or major precepting authorities.
- 3.3 The relief will be applied after mandatory reliefs and other discretionary reliefs funded by section 31 grants have been applied, excluding those where the Council has provided relief using its wider discretionary relief powers introduced by the Localism Act 2011 which are not funded by section 31 grants.
- 3.4 Where any reduction or remission is granted to a ratepayer under S49 Local Government Finance Act 1988 (where hardship is proven to the Council), then there will be no requirement to grant CARF Discretionary Rate Relief for that amount.
- 3.5 In certain cases, the order in which relief is granted is specified. Mandatory relief shall be granted in all cases where the relevant criteria are met irrespective of whether discretionary relief can be granted or not.

# 4.0 Discretionary Relief to be awarded under the COVID-19 Additional Relief Fund.

- 4.1 Over the past few years, a number of schemes (such as the COVID-19 Additional Relief Fund) have been led by Central Government but without specific legislative changes.
- 4.2 The Council is keen to support such initiatives especially where they are designed to help local businesses and will look to maximise both the reliefs given as well as maximise any grants receivable.
- 4.3 In view of this, the Council has decided that where a ratepayer meets **all** of the relevant criteria, relief will be **xx%** of the 2021/22 liability **after** any other reliefs and reductions have been applied.
- 4.4 The criteria for the COVID-19 Additional Relief Fund are as follows:
  - (a) the ratepayer is **not** eligible (or would be eligible) for the Expanded Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS);
  - (b) the ratepayer is not entitled to either Small Business Rate Relief or Rural Rate Relief granted at 100%;
  - (c) the ratepayer is **not** entitled to mandatory relief (80%) and discretionary (top up) of 20% which is funded through business rates retention;
  - (d) the hereditament is treated as occupied by the Council;
  - (e) the ratepayer confirms that they have been adversely affected by the pandemic and have been unable to adequately adapt to that impact;

- (f) the ratepayer is not subject to Subsidy Control as defined within section 6; and
- (g) the hereditament is not excluded under the section 5 below

# 5.0 Excluded hereditaments

5.1 The Council has decided that the hereditaments / ratepayers within Appendix A will be excluded from relief under the Council's COVID-19 Additional Relief Fund (CARF) scheme.

# 6.0 Subsidy Control

- 6.1 The Council's COVID-19 Additional Relief Fund (CARF) scheme is subject to the subsidies chapter within the UK-EU Trade and Cooperation Agreement (TCA). However, for CARF there is an exemption for subsidies under the value of approximately £2,243,000 per economic actor (broadly speaking, for example, a holding company and its subsidiaries).
- 6.2 This allowance comprises 325,000 Special Drawing Rights (at current exchange rates about £343,000) for Small Amounts of Financial Assistance and a further £1,900,000 for COVID-19 related subsidy.
- 6.3 Therefore, to be awarded CARF the ratepayer must not have claimed over the period 2019/20 to 2021/22 more than £2,243,000 from schemes which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances.
- Any COVID-19 business grants a ratepayer has received from local government generally and the 2019/20 Retail Relief should count towards this limit, but the ratepayer should not count any Extended Retail Discount they have received since 1 April 2020.
- 6.5 Further details of subsidy control can be found at:
  <a href="https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance">https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance</a>
- 6.6 The ratepayer will need to indicate to the Council:
  - if they have not to date received any subsidy which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances; or
  - if the ratepayer has received other such subsidies, they will be required to provide the name and total value of those subsidies.
- 6.7 A ratepayer must not apply for CARF if they have already exceeded the £2,243,000 allowance. However, the Council will still consider applications for support under the CARF scheme if they have reached this limit provided you can evidence that they:
  - (a) Intend to use the support to fund uncovered fixed costs (costs not covered by profits for insurance etc) during the period of COVID-19. Economic actors may

- claim for up to 70% of their uncovered costs (although this 70% limit does not apply to small businesses with less than 50 employees and less than £9 million turnover where the limit is instead 90%); and
- (b) Have shown a decline in turnover of at least 30% within the April 2020 to March 2021 period, compared to the same 2019 to 2020 period.
- 6.8 The ratepayer may claim up to a further £10 million of additional allowance (on top of the £2,243,000) if they meet the above tests and they have not claimed any other support from the additional allowance up to an aggregate £10 million limit (such as from the COVID-19 business grants).
- 6.9 Government and the Council will not tolerate any business falsifying their records or providing false evidence to gain this relief including claiming support above these thresholds.
- 6.10 A ratepayer who falsely applies for any relief or provides false information or makes false representation in order to gain relief may be guilty of fraud under the Fraud Act 2006.

# 7.0 Effect on the Council's Finances

- 7.1 As Central Government leads this initiative, funding will be provided through section 31 of the Local Government Act 2003. This is not automatic and Central Government will look to the Council to adopt the recommended approach when granting in these areas.
- 7.2 In order to guarantee funding, the Council will ensure that the criteria in this policy are met in full

# 8.0 Administration of Discretionary Relief

8.1 The following section outlines the procedures followed by officers in granting, amending, or cancelling discretionary relief and reduction. This is essentially laid down by legislation<sup>1</sup>

# **Applications and Evidence**

- 8.2 The Council will specify how (and if) applications are to be made and received. This may vary from time to time.
- 8.3 Where appropriate, ratepayers are required to provide such evidence necessary to allow the Council to make a decision. Where insufficient information is provided, then no relief will be granted. In some cases, it may be necessary for

 $<sup>^{\</sup>mathrm{1}}$  The Non-Domestic Rating (Discretionary Relief) Regulations 1989

- officers to visit premises and we would expect ratepayers claiming relief to facilitate this where necessary.
- 8.4 The Council will provide this service and provide guidance free of charge. Ratepayers are encouraged to approach the Council direct and NOT pay for such services through third parties. Applications will be accepted from ratepayers only.

# **Granting of relief**

- 8.5 In all cases, the Council will notify the ratepayer of decisions made.
- 8.6 Where an application (if required) is successful, then the following will be notified to them in writing:
  - The amount of relief granted and the date from which it has been granted;
  - If relief has been granted for a specified period, the date on which it will end.
  - The new chargeable amount;
  - The details of any planned review dates and the notice that will be given in advance of a change to the level of relief granted; and
  - A requirement that the applicant should notify the Council of any change in circumstances that may affect entitlement to relief.
- 8.7 Where relief is not granted, then the following information is provided, again in writing:
  - An explanation of the decision within the context of the Council's statutory duty; and
  - An explanation of the appeal rights (see below).
- 8.8 Discretionary relief is to be granted from the beginning of the financial year in which the decision is made or when liability begins whichever is the later. Since 1997 decisions can be made up to 6 months after the end of the financial year for which the application was made. In such cases, the Council *may* backdate its decision. Given the timing of this relief, awards will only be made for the 2021/22 financial year.

# Variation of a decision

- 8.9 Variations in any decision will be notified to ratepayers as soon as practicable and will take effect as follows:
  - Where the amount is to be increased due to a change in rate charge (excluding rateable value increases) or a change in the Council's decision which increases the award – this will apply from a date determined by the Council as appropriate;
  - Where the amount is to increase for any other reason, it will take effect at the expiry of a financial year unless it is granted for a fixed period;

- Where the amount is to be reduced due to a reduction in the rate charge or liability including any reduction in rateable value, awarding of another relief or exemption this will apply from the date of the decrease in rate charge; and
- Where the amount is to be reduced for any other reason, it will take effect from a date determined by the Council as appropriate;
- 8.10 A decision may be revoked at any time and a one-year period of notice will be given and the change will take effect at the expiry of a financial year. However, the Council will terminate the relief at any time the ratepayer fails to meet **any** of the relevant eligibility criteria.

# 9.0 Scheme of Delegation

# **Granting, Varying, Reviewing and Revocation of Relief**

- 9.1 All powers in relation to reliefs are given under the Local Government Finance Act 1988, the Local Government and Rating Act 1997, the Local Government Act 2003 and the Localism Act 2011. However section 223 of the Local Government Act 1992 allows for delegation of decisions by the Council to Cabinet, Committees, Sub-Committees or Officers.
- 9.2 The Council's scheme of delegation allows for the Head of Revenues and Benefits to award, revise or revoke any discretionary relief applications. However, any application which is considered to be of a significant nature, will be subject to consultation with the Council's Section 151 Officer, prior to final determination.
- 9.3 Applications that are refused will, on request, be reconsidered if additional supporting information is provided or the refusal is subsequently considered to be based on a misinterpretation of the application.

## **Reviews**

9.4 The policy for granting relief will be reviewed annually or where there is a substantial change to the legislation or funding rules. At such time, a revised policy will be brought before the relevant committee of the Council.

# **Disputes**

9.5 Where the Council receives a dispute from the ratepayer regarding the granting, non-granting or the amount of any discretionary relief, the case will be reviewed by the Head of Revenues and Benefits. Where a decision is revised then the ratepayer shall be informed, likewise if the original decision is upheld.

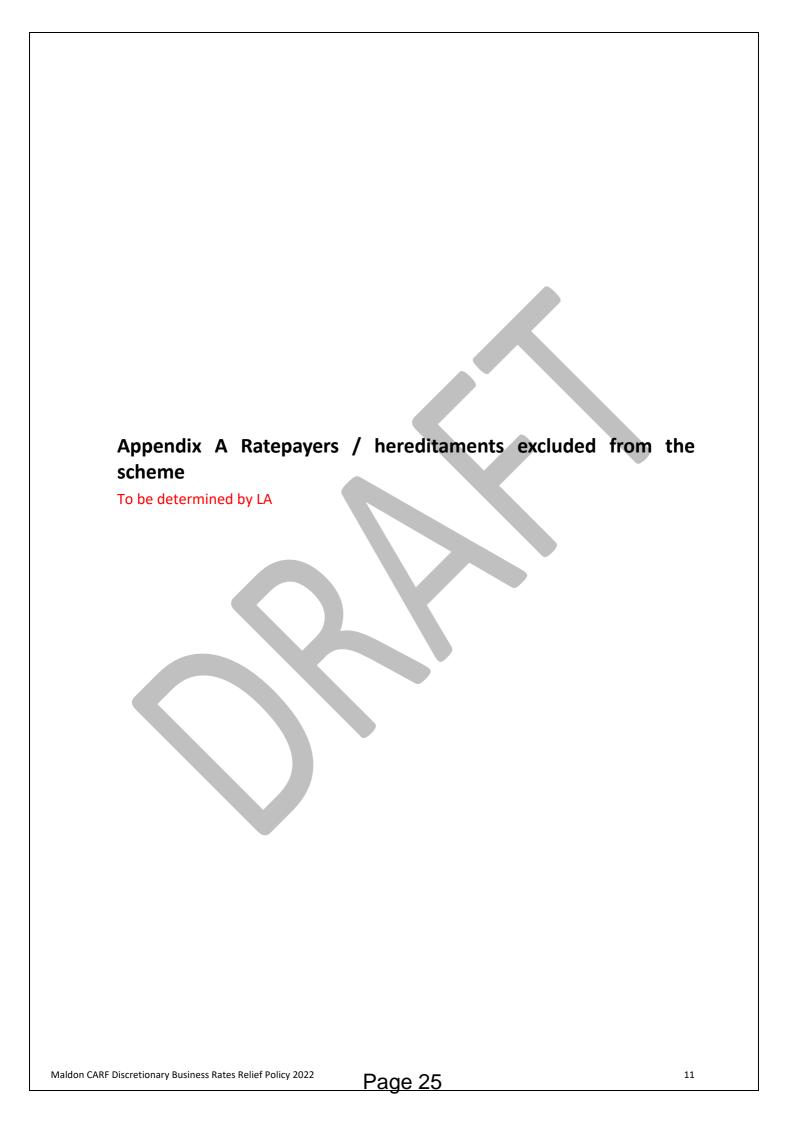

- 9.6 Where the ratepayer wishes to appeal the decision of the Head of Revenues and Benefits, the case will be considered by the Council's Section 151 Officer whose decision on behalf of the Council will be final.
- 9.7 Ultimately the formal appeal process for the ratepayer is Judicial Review although the Council will endeavour to explain any decision fully and openly with the ratepayer.

# 10.0 Reporting changes in circumstances

- 10.1 Where any award is granted to a ratepayer, the Council will require any changes in circumstances which may affect the relief, to be reported as soon as possible or in any event within 21 days of the change. This will be important where the change would result in the amount of the award being reduced or cancelled e.g. where the premises comes unoccupied or is used for a purpose other than that determined by the Council as eligible for relief.
- 10.2 Where a change of circumstances is reported which would cease or revise eligibility, the relief will, if appropriate, be revised or cancelled as appropriate. Where any award is to be reduced, the Council will look to recover the amount from the date the change of circumstances occurred.

# 11.0 Fraud

11.1 Where a ratepayer falsely applies for any relief, or where the ratepayer provides false information, makes false representation, or deliberately withholds information in order to gain relief, prosecutions will be considered under the Fraud Act 2006.

# About this guidance

- This guidance is intended to support local authorities in administering the COVID-19 Additional Relief Fund (CARF). This guidance applies to England only.
- 2. This guidance sets out the scope of CARF and the criteria which local authorities should have regard to when determining awards from the fund. The guidance does not replace existing legislation.
- 3. Enquiries on this measure should be addressed to: <a href="mailto:ndr@communities.gov.uk">ndr@communities.gov.uk</a>

## Introduction

- 4. COVID-19 has presented a significant and unprecedented challenge for businesses. Since the start of the pandemic the Government's response to support businesses has been of a similarly unprecedented scale. The Government has provided over £400 billion of direct support to the economy during this financial year and last, which has helped to safeguard jobs, businesses and public services in every region and nation of the UK through the pandemic. The Government's support has included making £16 billion available to provide business rates relief for retail, hospitality and leisure properties, given the direct impact of COVID-19 and the Government's interventions on businesses in these sectors.
- 5. On 25 March the Government announced a new COVID-19 Additional Relief Fund (CARF) of £1.5 billion. The fund will be available to support those businesses affected by the pandemic but that are ineligible for existing support linked to business rates.
- 6. The £1.5 billion will be allocated to local authorities based upon the estimated rateable value in each local authority rating list which falls within the scope of the fund, weighted for the Gross Value Added (GVA) impacts of COVID-19 per sector. An explanation of the allocation methodology, categories and definitions is at Annex A to F. Individual local authority allocations are published alongside this guidance.
- 7. This document provides guidance to authorities about the operation and delivery of the policy.

# The COVID-19 Additional Relief Fund (CARF)

## How will the relief be provided?

- 8. The Government is not changing the legislation relating to the business rates reliefs available to properties. Instead, the Government will, in line with the eligibility criteria set out in this guidance, reimburse local authorities where relief is granted using discretionary relief powers under section 47 of the Local Government Finance Act 1988. It will be for individual billing authorities to adopt a local scheme and determine in each individual case whether, having regard to this guidance and their own local scheme, to grant relief under section 47. The relief is available to reduce chargeable amounts in respect of 2021/22.
- 9. Central government will fully reimburse local authorities for discretionary relief awards which comply with this guidance up to the maximum level of the allocations. Because billing authorities have completed their NNDR1s for 2021/22 already, payments to major precepting authorities will be unaffected by the award of the relief. Therefore, within the year billing authorities only will be provided with "on account" section 31 payments covering the full amount of relief awarded to ensure that their cashflow is not affected.
- 10. After the end of the year, billing authorities will also be asked to provide outturn data on the actual total cost of providing the relief via the NNDR3 forms for 2021/22. The loss of income resulting from the relief for each billing authority and major precepting authority will be reconciled against the on-account payments made over the course of the year and any difference will be paid or recovered.
- 11. The Department for Levelling Up, Housing and Communities will undertake a regular DELTA collection exercise. This will be used to monitor implementation progress. Authorities should therefore ensure they put in place arrangements to support this data collection process. Billing authorities should ensure that they are able to monitor and report the take-up of the scheme at Parliamentary constituency level and local authority level, and by the Special Category code of the hereditaments.

## Which properties will benefit from relief?

- 12. Billing authorities will be responsible for designing the discretionary relief schemes that are to operate in their areas. However, in developing and implementing their schemes local authorities must, if they are funding the relief from the section 31 grant:
  - a. not award relief to ratepayers who for the same period of the relief either are or would have been eligible for the Extended Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS),
  - b. not award relief to a hereditament for a period when it is unoccupied (other than hereditaments which have become closed temporarily due to the government's advice on COVID-19, which should be treated as occupied for the purposes of this relief), and
  - direct their support towards ratepayers who have been adversely affected by the pandemic and have been unable to adequately adapt to that impact.
- 13. In line with the legal restrictions in section 47(8A) of the Local Government Finance Act 1988, billing authorities may not grant the discount to themselves, certain precepting authorities (e.g. a parish or county council) or a functional body, within the meaning of the Greater London Authority Act 1999.

### How much relief will be available?

- 14. It will be for local authorities to determine the level of relief for individual hereditaments.
- 15. The relief should be applied after mandatory reliefs and other discretionary reliefs funded by section 31 grants have been applied, excluding those where billing authorities have provided relief using their wider discretionary relief powers introduced by the Localism Act 2011 which are not funded by section 31 grants. As required in the NNDR3 guidance notes, the former categories of discretionary relief prior to the Localism Act should be applied first in the sequence of discretionary reliefs and, therefore, before any relief provided under the COVID-19 Additional Relief Fund (CARF). Billing authorities may wish to use their discretionary powers to offer further discounts outside this scheme. However, where an authority applies a locally funded relief, this must be applied after CARF.

### Recalculation of relief

- 16. Depending upon how local authorities choose to award CARF, the amount of relief awarded may need to be recalculated in the event of a change of circumstances. This could include, for example, a backdated change to the rateable value or the hereditament. This change of circumstances could arise during the year in question or during a later year.
- 17. Under regulations made under section 47 of the Local Government Finance Act 1988 authorities must give at least 12 months' notice of a revocation or variation of a rate relief scheme the effect of which would be to increase rate bills (other than to comply with any international agreement). Such a revocation or variation can only take effect at the end of a financial year but, within these regulations, local authorities may still make decisions which are conditional upon eligibility criteria. If a change in circumstances renders a property ineligible or reduces the value of the award, the relevant bill can be amended in the year to reflect the loss of the relief.
- 18. Therefore, when making an award for CARF, local authorities should ensure in the conditions of the award that the relief are subject to the property's continuing eligibility.

## **Subsidy Control**

### Trade and Co-operation Agreement

19. Providing discretionary relief to ratepayers is likely to amount to a subsidy. Any relief provided by Local Authorities under the CARF Scheme will need to comply with the UK's domestic and international subsidy control obligations (see the <u>BEIS guidance for public authorities</u> which explains the subsidies chapter of the UK-EU Trade and Cooperation Agreement (TCA), World Trade Organisation rules on subsidies, and other international subsidy control commitments).

#### Small Amounts of Financial Assistance Allowance

20. To the extent that a Local Authority is seeking to provide relief that falls within the Small Amounts of Financial Assistance Allowance, Article 364 of the TCA allows an economic actor (e.g. a holding company and its subsidiaries) to receive up to 325,000 Special Drawing Rights (£343,000 as at 9 December 2021) in a three-year period (consisting of the current financial year and the two previous financial years). To administer a subsidy under the Small Amounts of Financial Assistance Allowance it is necessary for the Local Authority to establish that the award of subsidy will not result in the economic actor having received more than £343,000 of subsidy under the Small Amounts of Financial Assistance Allowance.

#### The COVID-19 Additional Relief Fund Allowance

- 21. Where the Small Amounts of Financial Assistance Allowance has been reached, additional relief may be awarded in compliance with the principles set out in Article 366 of the TCA and in compliance with Article 364.3 of the TCA. For the purposes of this scheme, the COVID-19 Additional Relief Fund Allowance, permits an economic actor to receive additional relief of up to a further £1,900,000 for COVID-19 related losses.
- 22. This may be combined with the Small Amounts of Financial Assistance Allowance to permit an economic actor to receive up to £2,243,000 from the CARF Scheme (or less if they have already used some of their Small Amounts of Financial Assistance limit or claimed other COVID-19 related subsidies). It should be noted that Extended Retail Discount granted in either 2020/21 or 2021/22 does not count towards these allowances, but BEIS business grants (throughout the 3 years) and any other subsidies claimed under the Small Amounts of Financial Assistance limit (such as the Retail Relief in 2019/20), or under the EU State aid de minimis limit, in the last three years, should be counted.

#### COVID-19 Additional Relief Fund Further Allowance

- 23. If an economic actor has reached the £2,243,000 limit set out above, then it may still be able to receive up to a further £10 million as a COVID-19 Additional Relief Fund Further Allowance under the CARF Scheme, if it satisfies the following conditions:
  - a. the relief relates to uncovered fixed costs (i.e. costs not covered by profits or insurance etc) during the period of COVID-19 (commencing 1 March 2020). An economic actor may benefit from relief up to 70% of their uncovered costs (although this 90% limit does not apply to small businesses with fewer than 50 employees and less than £9 million turnover), and
  - b. the enterprise has shown a decline in turnover during the eligible period of at least 30% compared to the same period in 2019.
- 24. Therefore, local authorities will wish to ask ratepayers, on a self-assessment basis, to inform the authority if they are in breach of the above allowances. Where authorities are delivering CARF via applications then this declaration can be requested as part of the application process sample paragraphs for which are below. As part of awarding the relief, local authorities should ask businesses to keep necessary documentation to evidence this.

#### Transparency

- 25. Local Authorities must also ensure the transparency obligations under Article 369 of the TCA are complied with. The transparency database can be found at https://manageuksubsidies.beis.gov.uk/
- 26. If the relief is awarded under the Small Amounts of Financial Assistance Allowance, LAs must ask the recipient whether, when cumulated with any de minimis EU State Aid or Small Amounts of Financial Assistance under the TCA that the business has received in the last three years, the relief will mean that the recipient has received more than 325,000 Special Drawing Rights (approximately £343,000 as at 9 December). If it has, then the relief must be declared on the BEIS transparency database within six months of it being awarded.
- 27. If the relief is awarded under the COVID-19 Additional Relief Fund Allowance, Local Authorities must ask the recipient whether, when cumulated with any other support received under the allowances, the recipient has received more than £500,000. If it has, then the relief must be declared on the BEIS transparency database within six months of it being made. Awards made under the COVID-19 Additional Relief Fund Further Allowance, which by their nature will be in excess of £500,000, must also be declared on the BEIS transparency database within six months of it being made.
- 28. For access to and any further questions on the database, please contact the BEIS subsidy control team at subsidycontrol@beis.gov.uk.
- 29. Where Local Authorities have further questions about subsidy control or any of the above allowance and obligations, they should seek advice from their legal department in the first instance.

### Sample paragraph to include in CARF applications.

The CARF scheme is subject to the subsidies chapter within the UK-EU Trade and Cooperation Agreement (TCA). However, for CARF there is an exemption for subsidies under the value of approximately £2,243,000 per economic actor (broadly speaking, for example, a holding company and its subsidiaries). This allowance comprises 325,000 Special Drawing Rights (at current exchange rates about £343,000) for Small Amounts of Financial Assistance and a further £1,900,000 for COVID-19 related subsidy.

Therefore, to be awarded CARF you must not have claimed over the period 2019/20 to 2021/22 more than £2,243,000 from schemes which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances. COVID-19 business grants you have received from local government and the

2019/20 Retail Relief should count towards this limit, but you should not count any Extended Retail Discount you have received since 1 April 2020. Further details of subsidy control can be found at:

https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance

In your application for CARF you must indicate:

if you have <u>not</u> to date received any subsidy which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances, confirm this in your application, or

if you <u>have</u> received other such subsidies, then you should provide the name and total value of those subsidies.

You must not apply for CARF using this form if you have already exceeded the £2,243,000 allowance. However, we will still consider applications for support under the CARF scheme if you have reached this limit provided you can evidence that you:

Intend to use the support to fund uncovered fixed costs (costs not covered by profits for insurance etc) during the period of COVID-19. Economic actors may claim for up to 90% of their uncovered costs (although this 70% limit does not apply to small businesses with less than 50 employees and less than £9 million turnover), and

have shown a decline in turnover of at least 30% within the April 2020 to March 2021 period, compared to the same 2019 to 2020 period.

You may claim up to a further £10 million of additional allowance (on top of the £2,243,000) if you meet the above tests and you have not claimed any other support from the additional allowance up to an aggregate £10 million limit (such as from the COVID-19 business grants).

The Government and [name of local authority] will not tolerate any business falsifying their records or providing false evidence to gain this discount, including claiming support above these thresholds. A ratepayer who falsely applies for any relief, or provides false information or makes false representation in order to gain relief may be guilty of fraud under the Fraud Act 2006.

#### New Burdens

30. The Government recognises that the implementation of this policy will place an additional burden on local authorities. In accordance with the New Burdens doctrine the Government will conduct an assessment of the expected reasonable additional costs associated with the implementation of the policy, working closely with local government in doing so.

# Annexes A-F: CARF Allocation methodology, categories and definitions

# Annex A: COVID-19 Additional Relief Fund Allocation methodology

#### Introduction

1. This document sets out the methodology used to calculate each English local authority's allocation of the £1.5bn COVID-19 Additional Relief Fund. Allocations will be paid to the authorities responsible for billing business ratepayers, known as billing authorities, which includes Shire Districts, Unitary Authorities, Metropolitan Districts and London Boroughs.

### **Proxy for impact of COVID-19**

2. The allocation methodology uses the change in Gross Value Added (GVA) as a proxy for the economic impacts of COVID-19 on each business sector. The GVA data used is available here:

https://www.ons.gov.uk/economy/grossdomesticproductgdp/datasets/monthlygrossdomesticproductbygrossvalueadded

- 3. The calculation uses the change in GVA compared to Feb-20 for the period April 2020 to March 2021. This data is split by business sector according to the first level Standard Industrial Classification (SIC), apart from in two cases:
  - a. Category H (Transport and Storage) has been split into two separate categories, given the large variance in Covid-19 impact between the transport and storage sectors. Details of this split are provided in Annex B.
  - b. Category X is used where a property type doesn't fit into a specific business sector (e.g. Offices) but the most common uses are likely fall into SIC categories J, K, L, M or N.
- 4. The allocation method uses the average of the twelve datapoints. Each month compared to Feb-20 is weighted equally. This data is for the United Kingdom.

Table 1: Average GVA reduction by SIC category

### **Property stock and COVID-19 impact**

- 5. For each local authority's allocation, we use information on the property stock in that area. We use the Valuation Office Agency (VOA) Ratings List as at October 2021.
- 6. The VOA data contains information about the rateable value (RV), location and type of property for all properties liable for business rates. The type of property is determined by its Special Category Code, or SCat code.
- 7. To account for the differing severity of Covid-19 impacts on sectors, we weight the RV of each hereditament by GVA impact. In order to do this, we have worked with the VOA to develop a mapping from SCat codes to SIC codes. This is shown in Annex C.

#### Calculation of allocation

8. An authority's allocation is calculated by summing RV in each SIC category and weighting it by GVA change. We then sum across each sector to get an authority's total GVA-weighted RV. Each authority's share of the total GVA-weighted RV in England is applied to the £1.5bn funds available to calculate their allocation. This can alternatively be represented as:

| (1) | $RV_{i,j}^{w} = GVA_i * RV_{i,j}$  | Calculate GVA-weighted RV change for sector $i$ and authority $j$ .                                 |
|-----|------------------------------------|---|
| (2) | $RV_j^w = \sum_{i=1}^n RV_{i,j}^w$ | Calculate sum of GVA-weighted RV for all sectors $i=1\ to\ n$ , where $n$ is the number of sectors. |

Page 46

(3) 
$$RV_{Eng}^{w} = \sum_{j=1}^{m} RV_{j}^{w}$$
 Calculate sum of GVA-weighted RV for all authorities  $j=1$  to  $m$ , where  $m$  is the number of authorities.

(4)  $Allocation_{j} = \frac{RV_{j}^{w}}{RV_{Eng}^{w}} * 1,500,000,000$  Calculate authority  $j$ 's share of the total GVA-weighted RV and multiply by the total funds available.

- 9. Where sectors have seen a positive change to their GVA over the relevant period, the sector RV has been given a zero weighting, as opposed to a negative weighting, in order to avoid a detrimental impact on properties within other sectors within that authority. This applies to SIC code O (Public Administration).
- 10. In accordance with the guidance that local authorities should not award relief to properties that have already been eligible for the Extended Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS), the following property types have been given a zero weighting in the allocation: retail, hospitality, leisure, nurseries, and airports. For the purposes of this allocation, retail, hospitality, leisure and nursery properties are defined in Annex D, and airports are defined in Annex E.
- 11. In order to ensure consistency with the Central Ratings List and the fact that these industries have been relatively insulated from the adverse impacts of COVID-19, the following sectors have been deemed out of scope of the relief and given a zero weighting: networks supplying utilities and associated properties. These are defined at Annex F.
- 12. Allocations are rounded to the nearest pound.
