EXECUTIVE SUMMARY

SUMMARY OF RECOMMENDATIONS: (SEE APPENDIX I)

High	1
Medium	0
Low	0

TOTAL NUMBER OF RECOMMENDATIONS: 1

BACKGROUND:

According to the Annual Fraud Indicator 2013, which provides the last set of government sanctioned estimates, fraud costs the public sector at least £20.6bn annually and of this total, £2.1bn is specifically in local government.

FRAUD RISK ASSESSMENT

Maldon District Council ('the Council') has a combined Corporate Fraud and Enforcement Team of qualified Counter Fraud Investigators who investigate all types of corporate fraud, raise awareness of fraud risks with other services, and share protocols for reporting fraud concerns. The team, which currently sits under the Director of Planning and Regulatory Services (now the Director of Strategy, Performance and Governance), also provides periodic updates to the Planning and Licensing Committee and Area Planning Committees on planning enforcement activity.

We were asked to perform a Fraud Risk Assessment by the Director of Resources to help prioritise the Council's approach to address fraud, corruption and bribery risks, and to assess the suitability of the arrangements and documented policies in place to help mitigate these risks. We have considered the Council's overall organisational resilience, as well as fraud controls across the Council's main functions and services, reporting on these by exception within the detailed findings and recommendations section.

We reviewed the Council's position against both the 'CIPFA Code of Practice on Managing the Risk of Fraud and Corruption' and the 'Fighting Fraud Locally Companion Checklist'. Please see Appendix III and IV for the full checklists.

We have also conducted interviews with key staff to identify fraud risks in each department and the current controls in place to mitigate these risks, so that areas of significant control weakness and fraud risk can be highlighted:

- Procurement
- Council Tax and Business Rates
- HR
- Finance
- Committee Clerks
- Corporate Counter Fraud

Our work was reviewed by accredited Counter fraud staff with up to date knowledge of fraud risks.

FINDINGS

ASSESSMENT AGAINST THE CIPFA CODE OF PRACTICE

The Council has a basic framework in place to deal with fraud and corruption and meets many of the requirements of the CIPFA Code and Fighting Fraud Locally Checklist. These include:

- An anti-Fraud and Corruption strategy and policy
- A Code of Conduct that all staff have signed up to
- An experienced fraud team that includes accredited staff, supplemented by external resource for investigations
- Participation in the National Fraud Initiative and pan Essex Compliance and Counter Fraud Scheme

However, we have also identified a large number of areas for improvement to consider, if the Council wishes to comply fully with the guidance and meet best practice. These are detailed in the Appendices. We suggest that priority areas to address are:

FRAUD RISK ASSESSMENT

- Developing an anti-fraud and corruption plan which addresses key fraud risks, including those in procurement and HR
- Implementing a fraud awareness training programme, focussing on areas of highest risk
- Updating the strategy and policies to bring them into line with best practice
- Producing regular reports to the Audit Committee on counter fraud activity and results

RECOMMENDATION	PRIORITY
The Council should commission external resource to develop the risk assessment further and carry out an annual programme of work to address risks around fraud and corruption	High
MANAGEMENT RESPONSE:	

The Director of Resources is currently commissioning external resource to develop this risk assessment further and carry out an annual programme of work. Initial indications are that this will cost approximately £9,000 per annum. The Director of Resources is looking to have this programme of work in place by May 2019.

Responsible Officer: Director of Resources

Implementation Date: 1 May 2019.

APPENDIX I - DEFINITIONS

LEVEL OF ASSURANCE	DESIGN OF INTERNAL CONTROL FRAMEWORK		OPERATIONAL EFFECTIVENESS OF CONTROLS	
	FINDINGS FROM REVIEW	DESIGN OPINION	FINDINGS FROM REVIEW	EFFECTIVENESS OPINION
Substantial	Appropriate procedures and controls in place to mitigate the key risks.	There is a sound system of internal control designed to achieve system objectives.	No, or only minor, exceptions found in testing of the procedures and controls.	The controls that are in place are being consistently applied.
Moderate	In the main there are appropriate procedures and controls in place to mitigate the key risks reviewed albeit with some that are not fully effective.	Generally, a sound system of internal control designed to achieve system objectives with some exceptions.	A small number of exceptions found in testing of the procedures and controls.	Evidence of non-compliance with some controls, that may put some of the system objectives at risk.
Limited	A number of significant gaps identified in the procedures and controls in key areas. Where practical, efforts should be made to address in-year.	System of internal controls is weakened with system objectives at risk of not being achieved.	A number of reoccurring exceptions found in testing of the procedures and controls. Where practical, efforts should be made to address in-year.	Non-compliance with key procedures and controls places the system objectives at risk.
No	For all risk areas there are significant gaps in the procedures and controls. Failure to address in-year affects the quality of the organisation's overall internal control framework.	Poor system of internal control.	Due to absence of effective controls and procedures, no reliance can be placed on their operation. Failure to address in-year affects the quality of the organisation's overall internal control framework.	Non-compliance and/or compliance with inadequate controls.

FRAUD RISK ASSESSMENT

RECOMMENDATION SIGNIFICANCE	
High	A weakness where there is substantial risk of loss, fraud, impropriety, poor value for money, or failure to achieve organisational objectives. Such risk could lead to an adverse impact on the business. Remedial action must be taken urgently.
Medium	A weakness in control which, although not fundamental, relates to shortcomings which expose individual business systems to a less immediate level of threatening risk or poor value for money. Such a risk could impact on operational objectives and should be of concern to senior management and requires prompt specific action.
Low	Areas that individually have no significant impact, but where management would benefit from improved controls and/or have the opportunity to achieve greater effectiveness and/or efficiency.

APPENDIX II - TERMS OF REFERENCE

PURPOSE OF REVIEW:

The purpose of conducting a fraud risk assessment (FRA) is to identify areas of risk in key departments and guide development of strategies to mitigate these risks. The outcome of the FRA should be used to review and inform service and corporate risk registers.

KEY RISKS:

Based upon the risk assessment undertaken during the development of the internal audit operational plan, through discussions with management, and our collective audit knowledge and understanding, the key risks associated with the area under review are:

- Fraud risk governance arrangements are inadequate and do not provide a robust framework for fraud risk management
- Fraud risk management in the following areas is inadequate:
 - Procurement
 - Local Council Tax Support / Other Welfare Assistance
 - Council Tax and Business Rates
 - Employee fraud
 - Insurance claims
 - Grants
 - Councillors' interests and expenses
 - Abuse of position / Management override of controls, including manipulation of performance data and financial journals.

FRAUD RISK ASSESSMENT

SCOPE OF REVIEW:

The review will provide an assessment of the Council's position against both the 'CIPFA Code of Practice on Managing the Risk of Fraud and Corruption' and the 'Fighting Fraud Locally Companion Checklist'.

In addition, we will consider the following specific fraud risk areas:

- Procurement
- Local Council Tax Support / Other Welfare Assistance
- Council Tax and Business Rates
- Employee fraud (Payroll, Expenses and Recruitment)
- Insurance claims
- Grants
- Councillors' interests and expenses
- Abuse of position / Management override of controls, including manipulation of performance data and financial journals.

APPROACH:

Our work will be conducted by accredited Counter fraud staff with up to date knowledge of fraud risks. Our approach will be to conduct interviews with key staff to identify fraud risks in each department and the current controls in place to mitigate these risks, such that areas of significant control weakness and fraud risk can be highlighted.

APPENDIX III - CIPFA CODE OF PRACTICE: SELF ASSESSED FRAUD RESILIENCE QUESTIONNAIRE

#	QUESTION	✓/✘	EVALUATION	AREAS TO CONSIDER
Principle A: The governing body should acknowledge responsibility for ensuring that the risks associated with fraud and corruption are managed effectively across all parts of the organisation				
A1.	The organisation's leadership team acknowledge the threats of fraud and corruption and the harm they can cause to the organisation, its aims and objectives and to its service users	✓	This is a statement in the Council's Anti-Fraud and Corruption Strategy that acknowledges the threats of fraud and corruption, and the harm they can cause to the organisation.	
A2.	The organisation's leadership team acknowledge the importance of a culture that is resilient to the threats of fraud and corruption and aligns to the principles of good governance	✓	The Council's Financial Regulations and Procedures document states the Council has an effective Anti-Fraud and Anti-Corruption Policy and maintains a culture that will not tolerate fraud or corruption and all Members and staff act with integrity and lead by example as per the relevant Code of Conduct.	
A3.	The governing body acknowledges its responsibility for ensuring the management of its fraud and corruption risks and will be accountable for the actions it takes through its governance reports	✓	The Financial Regulations makes it clear that the Directors and Heads of Service are responsible for the prevention of fraud and corruption within the services and functions under their control. The Audit Committee's terms of reference also states that it is responsible for promoting an anti-fraud culture relating to all the activities of the Council.	
A4.	The governing body sets a specific goal of	✓	This is included within the Anti-Fraud and

Principle B: Fraud risk identification is essential to understand specific exposures to risk, changing patterns in fraud and corruption threats and the potential consequences to the organisation and its service users				
B1.	Fraud risks are routinely considered as part of the organisation's risk management arrangements	✓	The Council's strategic risk registers and risk management framework reviewed as part of this include references to prevention of fraud, bribery or corruption	
B2.	The organisation identifies the risks of corruption and the importance of behaving with integrity in its governance framework	✓	See B1.	
B3.	The organisation uses published estimates of fraud loss, and where appropriate its own measurement exercises, to aid its evaluation of fraud risk exposures	✗	Discussion with interviewee noted that the Council does not publish numerical figures related to fraud loss. However, the Council does publish news of successful prosecutions on the intranet.	The Council should use calculated estimates of fraud loss, and where appropriate its own measurement exercises, to aid its evaluation of fraud risk exposure.
B4.	The organisation evaluates the harm to its aims and objectives and service users that different fraud risks can cause	✗	See B3.	
Principle C: An organisation needs a counter fraud strategy setting out its approach to managing its risks and defining responsibilities for action				
C1.	The governing body formally adopts a counter fraud and corruption strategy to address the identified risks and align with the organisation's acknowledged	✗	The strategy available on the staff intranet dates back to January 2009. Our review of the Audit Committee minutes found that the strategy has turned into a policy document and it was last reviewed in	The Councils Anti-Fraud and Corruption Policy should be reviewed and updated as necessary and made available to all staff. It should be explained that if an employee suspects fraud has taken place they should ensure they report their concerns in accordance with the methods described. • A clear introductory statement of intent that articulates a zero-tolerance approach to criminal wrongdoing, including fraud, bribery and corruption. • the Council’s anti-fraud and corruption stance and the actions it takes against fraudsters to act as a deterrent

The organisation has protocols in place to facilitate joint working and data and intelligence sharing to support counter fraud activity	✓	<p>Discussion with Housing Revenue staff noted that the Council participates in Pan Essex Compliance and Counter Fraud Scheme. This scheme is helped to run by a Company name Vigilant and it allows information from individual systems to be imported, compared and analysed with a view to identifying mismatches in data sets which may indicate fraud or non-compliance. The protocol of this particular scheme is part of the contract. However, they also acknowledge there is no general protocol in place.</p> <p>The Council is a partner in the Whole of Essex Information Sharing Framework and participates in the National Fraud Initiative.</p>
