## The purpose of the Retention Schedule

A retention schedule is a list of records which need to be retained by Local Government for a designated period of time.

The retention schedule shows:

- i. the title of each record which it creates in the course of its business;
- ii. a time period for which records are to be retained and the action which should be taken when it is of no further administrative use; and
- iii. identifies the reason (legislative, regulatory and/or operational) on which retention is based.

The existence of the retention schedule is a requirement of Maldon District Council's corporate Document Retention Policy. It has been developed in collaboration with Service Managers. The retention schedule refers to all information, regardless of the media in which it is stored, i.e. manual files, computer files, tapes, microfiche, etc. Where records are sentenced for destruction all back-up copies or copies stored on alternative media must also be destroyed. The retentions schedule provides consistent instructions for all staff who deal with records, and a formal policy for records retention and disposal.

The purpose of the schedule is to:

- i. prevent the premature destruction of records that need to be retained for a specified period to satisfy legal, financial and other requirements of public administration;
- ii. assist in identifying records that may be worth preserving permanently as part of the Maldon District Council's archives; and
- iii. provide consistency for the destruction of those records not required permanently after specified periods.

Members of staff are expected to manage their current record keeping systems using the Retention Schedule and to take account of the different kinds of retention periods when they are creating new record keeping systems. The Schedule is a 'living document' and will be reviewed and amended as and when retention details change due to Council policy, if new information is created, to remove any obsolete record titles, or regulations and legislation that govern information and it's use are introduced or altered.

#### Using the retention schedule

Where records have been identified for disposal they should be disposed of in an appropriate way. All records containing personal information, or sensitive information should be disposed of using secure waste sacks or shredded after administrative use.

The Freedom of Information Act 2000 requires the Council to maintain a list of records which have been destroyed and who authorised their destruction. Members of staff should record at least:

- File reference (or other unique identifier);
- File title (or brief description);
- Number of files;
- The name of the authorising officer; and
- Date of destruction.

## Retention Schedule and the Freedom of Information Act (2000)/Environmental Information Regulations (2004)

The Freedom of Information Act (2000) and Environmental Information Regulations (2004) are intended to promote a culture of openness and accountability amongst public authorities by providing people with rights of access to records held by Maldon District Council. With the introduction of this legislation the Lord Chancellor issued a Code of Practice to be followed by public organisations using his powers under Section 46 of the Freedom of Information Act (2000). This guidance sets out his views on desirable practice for the retention, management and disposal of public authority records. The Code of Practice includes a requirement to develop and apply Document Retention Schedules within the organisation. The Retention Schedule is a requirement of the Freedom of Information Act (2000).

#### **Retention schedule**

The Data Protection Act (2018) requires that personal data shall be:

- used fairly, lawfully and transparently
- used for specified, explicit purposes
- used in a way that is adequate, relevant and limited to only what is necessary
- accurate and, where necessary, kept up to date
- kept for no longer than is necessary
- handled in a way that ensures appropriate security, including protection against unlawful or unauthorised processing, access, loss, destruction or damage

These principles require the Council to have procedures in place, covering the review of information held on files.

Retention schedules assist with compliance under the Data Protection Act, which requires us to keep personal data no longer than is necessary for the purpose for which it was collected. The time limits for keeping records are based on statutory requirements, common business practice, and national guidance and best practice (the Retention Guidelines for Local Authorities (RGLA), a guide produced by the Records Management Society of Great Britain).

In some parts of the retention schedule the recommended retention period given is 6 years. This is based on the 6 year time limit within which legal proceedings must be commenced as laid down in the Limitation Act 1980. It should also be noted that, under this Act, civil action could be taken up to 12 years following certain events.

S1 Safeg	Safeguarding Children & Vulnerable Adults S1 Safeguarding Children & Vulnerable Adults				
Ref. No	Function Description	Retention Action / Retention Period	Examples of Records	Statutory Retention Period or Common practice	
S1.1	Safeguarding children & vulnerable adults The process of protecting children and vulnerable adult's health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect.	100yrs from date of birth.		Good practice	
S1.2	Welfare concerns that are referred to Social Care or the Police.  E.g. this would include concerns about physical, sexual, emotional or neglect of a child or physical, sexual, emotional, neglect, institutional, financial or discriminatory of a vulnerable adult, disclosures from a child or vulnerable adult about being abused or information from a third party which might suggest a child or vulnerable adult is being abused; concerns about a parent or another adult that uses our services, or a young person who has been abused by another young person.	Records should be kept for 6 years after the last contact with the service user unless longer retention is required to comply with any other statutory requirements, information contained therein is relevant to legal action which has been started, are archived for historical purposes, consist of a sample of records maintained for the purpose of retrospective comparison, involve the transfer of significant information with subject identification, on to aggregated files, relate to individuals and providers of services who have or whose staff have been judged to be unsatisfactory, or are held in order to provide the subject aspects of his or her personal history.		Good practice	
S1.3	Welfare concerns that Community Services decide, after consultation, do not necessitate a referral to Social Care or the Police. In such circumstances a record should be made of the concern and the outcome.	Destroy the record <b>6 years</b> after the child/vulnerable adult concerned ceases to use the service, unless the child or adult are continuing to use the services in the area that the referral initiated from.		Good practice	

S1.4	Concerns about people (paid and unpaid) who work with children, young people or vulnerable adults, for example, allegations, convictions, disciplinary action, inappropriate behaviour towards or vulnerable adults.  E.g. where an employee has breached the code of conduct, a record of the behaviour, the action taken and outcome should be recorded.	Personnel files and training records (including disciplinary records and working time records) - retain for 6 years after employment ceases.  However the records should be retained for a longer period if any of the following apply:  There were concerns about the behaviour of an employee where s/he behaved in a way that has harmed, or may have harmed, a child or vulnerable adult;  The employee possibly committed a criminal offence against, or related to, a child or vulnerable adult;  The employee behaved towards a child or vulnerable adult in a way that indicates s/he is unsuitable to work with children or vulnerable adults  In such circumstances records should be retained at least until the employee reaches	•	Personnel files and training records (including disciplinary records and working time records).	Statutory
S1.5	Disclosure and Barring Service checks obtained as part of the vetting process.	The actual disclosure form must be destroyed <b>after 6 months</b> . However, it is advisable that organisations keep a record of the date of the check, the reference number, the decision about vetting and the outcome.			Statutory

# **Version History**

Version Number	Date	Change	
1.01	8/01/2018	S1.3 – Amend retention period to 6 years.	
1.02	17/1/18	Safeguarding retention periods revised.	
1.03	14/3/18	GPS3.3-4 retention periods amended	
1.04	25/4/18	LC2.1-2.3 amended	
1.05	5/6/18	HR Section updated.	
1.06	04/02/2020	Updated due to McCloud Judgement and its potential impact on the LGPS. As noted at page 25.
