# About this guidance

1. This guidance is intended to support local authorities in administering the COVID-19 Additional Relief Fund (CARF). This guidance applies to England only.
2. This guidance sets out the scope of CARF and the criteria which local authorities should have regard to when determining awards from the fund. The guidance does not replace existing legislation.
3. Enquiries on this measure should be addressed to: [ndr@communities.gov.uk](mailto:ndr@communities.gov.uk)

## Introduction

4. COVID-19 has presented a significant and unprecedented challenge for businesses. Since the start of the pandemic the Government's response to support businesses has been of a similarly unprecedented scale. The Government has provided over £400 billion of direct support to the economy during this financial year and last, which has helped to safeguard jobs, businesses and public services in every region and nation of the UK through the pandemic. The Government's support has included making £16 billion available to provide business rates relief for retail, hospitality and leisure properties, given the direct impact of COVID-19 and the Government's interventions on businesses in these sectors.
5. On 25 March the Government announced a new COVID-19 Additional Relief Fund (CARF) of £1.5 billion. The fund will be available to support those businesses affected by the pandemic but that are ineligible for existing support linked to business rates.
6. The £1.5 billion will be allocated to local authorities based upon the estimated rateable value in each local authority rating list which falls within the scope of the fund, weighted for the Gross Value Added (GVA) impacts of COVID-19 per sector. An explanation of the allocation methodology, categories and definitions is at Annex A to F. Individual local authority allocations are published alongside this guidance.
7. This document provides guidance to authorities about the operation and delivery of the policy.

# The COVID-19 Additional Relief Fund (CARF)

## How will the relief be provided?

8. The Government is not changing the legislation relating to the business rates reliefs available to properties. Instead, the Government will, in line with the eligibility criteria set out in this guidance, reimburse local authorities where relief is granted using discretionary relief powers under section 47 of the Local Government Finance Act 1988. It will be for individual billing authorities to adopt a local scheme and determine in each individual case whether, having regard to this guidance and their own local scheme, to grant relief under section 47. The relief is available to reduce chargeable amounts in respect of 2021/22.
9. Central government will fully reimburse local authorities for discretionary relief awards which comply with this guidance up to the maximum level of the allocations. Because billing authorities have completed their NNDR1s for 2021/22 already, payments to major precepting authorities will be unaffected by the award of the relief. Therefore, within the year billing authorities only will be provided with “on account” section 31 payments covering the full amount of relief awarded to ensure that their cashflow is not affected.
10. After the end of the year, billing authorities will also be asked to provide outturn data on the actual total cost of providing the relief via the NNDR3 forms for 2021/22. The loss of income resulting from the relief for each billing authority and major precepting authority will be reconciled against the on-account payments made over the course of the year and any difference will be paid or recovered.
11. The Department for Levelling Up, Housing and Communities will undertake a regular DELTA collection exercise. This will be used to monitor implementation progress. Authorities should therefore ensure they put in place arrangements to support this data collection process. Billing authorities should ensure that they are able to monitor and report the take-up of the scheme at Parliamentary constituency level and local authority level, and by the Special Category code of the hereditaments.

## Which properties will benefit from relief?

12. Billing authorities will be responsible for designing the discretionary relief schemes that are to operate in their areas. However, in developing and implementing their schemes local authorities must, if they are funding the relief from the section 31 grant:
  - a. not award relief to ratepayers who for the same period of the relief either are or would have been eligible for the Extended Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS),
  - b. not award relief to a hereditament for a period when it is unoccupied (other than hereditaments which have become closed temporarily due to the government's advice on COVID-19, which should be treated as occupied for the purposes of this relief), and
  - c. direct their support towards ratepayers who have been adversely affected by the pandemic and have been unable to adequately adapt to that impact.
13. In line with the legal restrictions in section 47(8A) of the Local Government Finance Act 1988, billing authorities may not grant the discount to themselves, certain precepting authorities (e.g. a parish or county council) or a functional body, within the meaning of the Greater London Authority Act 1999.

## How much relief will be available?

14. It will be for local authorities to determine the level of relief for individual hereditaments.
15. The relief should be applied after mandatory reliefs and other discretionary reliefs funded by section 31 grants have been applied, excluding those where billing authorities have provided relief using their wider discretionary relief powers introduced by the Localism Act 2011 which are not funded by section 31 grants. As required in the NNDR3 guidance notes, the former categories of discretionary relief prior to the Localism Act should be applied first in the sequence of discretionary reliefs and, therefore, before any relief provided under the COVID-19 Additional Relief Fund (CARF). Billing authorities may wish to use their discretionary powers to offer further discounts outside this scheme. However, where an authority applies a locally funded relief, this must be applied after CARF.

## Recalculation of relief

16. Depending upon how local authorities choose to award CARF, the amount of relief awarded may need to be recalculated in the event of a change of circumstances. This could include, for example, a backdated change to the rateable value or the hereditament. This change of circumstances could arise during the year in question or during a later year.
17. Under regulations made under section 47 of the Local Government Finance Act 1988 authorities must give at least 12 months' notice of a revocation or variation of a rate relief scheme the effect of which would be to increase rate bills (other than to comply with any international agreement). Such a revocation or variation can only take effect at the end of a financial year but, within these regulations, local authorities may still make decisions which are conditional upon eligibility criteria. If a change in circumstances renders a property ineligible or reduces the value of the award, the relevant bill can be amended in the year to reflect the loss of the relief.
18. Therefore, when making an award for CARF, local authorities should ensure in the conditions of the award that the relief are subject to the property's continuing eligibility.

## Subsidy Control

### *Trade and Co-operation Agreement*

19. Providing discretionary relief to ratepayers is likely to amount to a subsidy. Any relief provided by Local Authorities under the CARF Scheme will need to comply with the UK's domestic and international subsidy control obligations (see the [BEIS guidance for public authorities](#) which explains the subsidies chapter of the UK-EU Trade and Cooperation Agreement (TCA), World Trade Organisation rules on subsidies, and other international subsidy control commitments).

### *Small Amounts of Financial Assistance Allowance*

20. To the extent that a Local Authority is seeking to provide relief that falls within the Small Amounts of Financial Assistance Allowance, Article 364 of the TCA allows an economic actor (e.g. a holding company and its subsidiaries) to receive up to 325,000 Special Drawing Rights (£343,000 as at 9 December 2021) in a three-year period (consisting of the current financial year and the two previous financial years). To administer a subsidy under the Small Amounts of Financial Assistance Allowance it is necessary for the Local Authority to establish that the award of subsidy will not result in the economic actor having received more than £343,000 of subsidy under the Small Amounts of Financial Assistance Allowance.

### *The COVID-19 Additional Relief Fund Allowance*

21. Where the Small Amounts of Financial Assistance Allowance has been reached, additional relief may be awarded in compliance with the principles set out in Article 366 of the TCA and in compliance with Article 364.3 of the TCA. For the purposes of this scheme, the COVID-19 Additional Relief Fund Allowance, permits an economic actor to receive additional relief of up to a further £1,900,000 for COVID-19 related losses.
22. This may be combined with the Small Amounts of Financial Assistance Allowance to permit an economic actor to receive up to £2,243,000 from the CARF Scheme (or less if they have already used some of their Small Amounts of Financial Assistance limit or claimed other COVID-19 related subsidies). It should be noted that Extended Retail Discount granted in either 2020/21 or 2021/22 does not count towards these allowances, but BEIS business grants (throughout the 3 years) and any other subsidies claimed under the Small Amounts of Financial Assistance limit (such as the Retail Relief in 2019/20), or under the EU State aid de minimis limit, in the last three years, should be counted.

### *COVID-19 Additional Relief Fund Further Allowance*

23. If an economic actor has reached the £2,243,000 limit set out above, then it may still be able to receive up to a further £10 million as a COVID-19 Additional Relief Fund Further Allowance under the CARF Scheme, if it satisfies the following conditions:
  - a. the relief relates to uncovered fixed costs (i.e. costs not covered by profits or insurance etc) during the period of COVID-19 (commencing 1 March 2020). An economic actor may benefit from relief up to 70% of their uncovered costs (although this 90% limit does not apply to small businesses with fewer than 50 employees and less than £9 million turnover), and
  - b. the enterprise has shown a decline in turnover during the eligible period of at least 30% compared to the same period in 2019.
24. Therefore, local authorities will wish to ask ratepayers, on a self-assessment basis, to inform the authority if they are in breach of the above allowances. Where authorities are delivering CARF via applications then this declaration can be requested as part of the application process – sample paragraphs for which are below. As part of awarding the relief, local authorities should ask businesses to keep necessary documentation to evidence this.

### *Transparency*

25. Local Authorities must also ensure the transparency obligations under Article 369 of the TCA are complied with. The transparency database can be found at <https://manageuksubsidies.beis.gov.uk/>
26. If the relief is awarded under the Small Amounts of Financial Assistance Allowance, LAs must ask the recipient whether, when cumulated with any de minimis EU State Aid or Small Amounts of Financial Assistance under the TCA that the business has received in the last three years, the relief will mean that the recipient has received more than 325,000 Special Drawing Rights (approximately £343,000 as at 9 December). If it has, then the relief must be declared on the BEIS transparency database within six months of it being awarded.
27. If the relief is awarded under the COVID-19 Additional Relief Fund Allowance, Local Authorities must ask the recipient whether, when cumulated with any other support received under the allowances, the recipient has received more than £500,000. If it has, then the relief must be declared on the BEIS transparency database within six months of it being made. Awards made under the COVID-19 Additional Relief Fund Further Allowance, which by their nature will be in excess of £500,000, must also be declared on the BEIS transparency database within six months of it being made.
28. For access to and any further questions on the database, please contact the BEIS subsidy control team at [subsidycontrol@beis.gov.uk](mailto:subsidycontrol@beis.gov.uk).
29. Where Local Authorities have further questions about subsidy control or any of the above allowance and obligations, they should seek advice from their legal department in the first instance.

### **Sample paragraph to include in CARF applications.**

The CARF scheme is subject to the subsidies chapter within the UK-EU Trade and Cooperation Agreement (TCA). However, for CARF there is an exemption for subsidies under the value of approximately £2,243,000 per economic actor (broadly speaking, for example, a holding company and its subsidiaries). This allowance comprises 325,000 Special Drawing Rights (at current exchange rates about £343,000) for Small Amounts of Financial Assistance and a further £1,900,000 for COVID-19 related subsidy.

Therefore, to be awarded CARF you must not have claimed over the period 2019/20 to 2021/22 more than £2,243,000 from schemes which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances. COVID-19 business grants you have received from local government and the

2019/20 Retail Relief should count towards this limit, but you should not count any Extended Retail Discount you have received since 1 April 2020. Further details of subsidy control can be found at:

<https://www.gov.uk/government/publications/covid-19-additional-relief-fund-carf-local-authority-guidance>

In your application for CARF you must indicate:

if you have not to date received any subsidy which fell within the Small Amounts of Financial Assistance or COVID-19 related allowances, confirm this in your application, or

if you have received other such subsidies, then you should provide the name and total value of those subsidies.

You must not apply for CARF using this form if you have already exceeded the £2,243,000 allowance. However, we will still consider applications for support under the CARF scheme if you have reached this limit provided you can evidence that you:

Intend to use the support to fund uncovered fixed costs (costs not covered by profits for insurance etc) during the period of COVID-19. Economic actors may claim for up to 90% of their uncovered costs (although this 70% limit does not apply to small businesses with less than 50 employees and less than £9 million turnover), and

have shown a decline in turnover of at least 30% within the April 2020 to March 2021 period, compared to the same 2019 to 2020 period.

You may claim up to a further £10 million of additional allowance (on top of the £2,243,000) if you meet the above tests and you have not claimed any other support from the additional allowance up to an aggregate £10 million limit (such as from the COVID-19 business grants).

The Government and [*name of local authority*] will not tolerate any business falsifying their records or providing false evidence to gain this discount, including claiming support above these thresholds. A ratepayer who falsely applies for any relief, or provides false information or makes false representation in order to gain relief may be guilty of fraud under the Fraud Act 2006.

## New Burdens

30. The Government recognises that the implementation of this policy will place an additional burden on local authorities. In accordance with the New Burdens doctrine the Government will conduct an assessment of the expected reasonable additional costs associated with the implementation of the policy, working closely with local government in doing so.

## Annexes A-F: CARF Allocation methodology, categories and definitions

### Annex A: COVID-19 Additional Relief Fund Allocation methodology

#### Introduction

1. This document sets out the methodology used to calculate each English local authority's allocation of the £1.5bn COVID-19 Additional Relief Fund. Allocations will be paid to the authorities responsible for billing business ratepayers, known as billing authorities, which includes Shire Districts, Unitary Authorities, Metropolitan Districts and London Boroughs.

#### Proxy for impact of COVID-19

2. The allocation methodology uses the change in Gross Value Added (GVA) as a proxy for the economic impacts of COVID-19 on each business sector. The GVA data used is available here:

<https://www.ons.gov.uk/economy/grossdomesticproductgdp/datasets/monthlygrossdomesticproductbygrossvalueadded>

3. The calculation uses the change in GVA compared to Feb-20 for the period April 2020 to March 2021. This data is split by business sector according to the first level Standard Industrial Classification (SIC), apart from in two cases:
  - a. Category H (Transport and Storage) has been split into two separate categories, given the large variance in Covid-19 impact between the transport and storage sectors. Details of this split are provided in Annex B.
  - b. Category X is used where a property type doesn't fit into a specific business sector (e.g. Offices) but the most common uses are likely fall into SIC categories J, K, L, M or N.
4. The allocation method uses the average of the twelve datapoints. Each month compared to Feb-20 is weighted equally. This data is for the United Kingdom.

SIC Code	Definition	Average GVA Reduction
A	Agriculture, Forestry and Fishing	-13%
B	Mining and Quarrying	-8%

C	Manufacturing	-9%
D	Energy	-1%
E	Water and Waste Management	0%
F	Construction	-14%
G	Wholesale and Retail	-8%
I	Hospitality	-55%
J	Information and Communication	-6%
K	Financial Services	-2%
L	Real Estate Activities	-2%
M	Professional Services	-7%
N	Administrative Services	-21%
O	Public administration	1%
P	Education	-20%
Q	Health	-10%
R	Arts, Entertainment and Recreation	-34%
S	Other Services	-32%
X	J-N: Information, Communication, Financial Intermediation, Real Estate and Business Services	-6%
Y	Transport	-32%
Z	Storage and Distribution	-1%

Table 1: Average GVA reduction by SIC category

### Property stock and COVID-19 impact

- For each local authority's allocation, we use information on the property stock in that area. We use the Valuation Office Agency (VOA) Ratings List as at October 2021.
- The VOA data contains information about the rateable value (RV), location and type of property for all properties liable for business rates. The type of property is determined by its Special Category Code, or SCat code.
- To account for the differing severity of Covid-19 impacts on sectors, we weight the RV of each hereditament by GVA impact. In order to do this, we have worked with the VOA to develop a mapping from SCat codes to SIC codes. This is shown in Annex C.

### Calculation of allocation

- An authority's allocation is calculated by summing RV in each SIC category and weighting it by GVA change. We then sum across each sector to get an authority's total GVA-weighted RV. Each authority's share of the total GVA-weighted RV in England is applied to the £1.5bn funds available to calculate their allocation. This can alternatively be represented as:

$$(1) \quad RV_{i,j}^w = GVA_i * RV_{i,j}$$

Calculate GVA-weighted RV change for sector  $i$  and authority  $j$ .

$$(2) \quad RV_j^w = \sum_{i=1}^n RV_{i,j}^w$$

Calculate sum of GVA-weighted RV for all sectors  $i = 1$  to  $n$ , where  $n$  is the number of sectors.

(3) $RV_{Eng}^w = \sum_{j=1}^m RV_j^w$	Calculate sum of GVA-weighted RV for all authorities $j = 1$ to $m$ , where $m$ is the number of authorities.
(4) $Allocation_j = \frac{RV_j^w}{RV_{Eng}^w} * 1,500,000,000$	Calculate authority $j$ 's share of the total GVA-weighted RV and multiply by the total funds available.

9. Where sectors have seen a positive change to their GVA over the relevant period, the sector RV has been given a zero weighting, as opposed to a negative weighting, in order to avoid a detrimental impact on properties within other sectors within that authority. This applies to SIC code O (Public Administration).
10. In accordance with the guidance that local authorities should not award relief to properties that have already been eligible for the Extended Retail Discount (covering Retail, Hospitality and Leisure), the Nursery Discount or the Airport and Ground Operations Support Scheme (AGOSS), the following property types have been given a zero weighting in the allocation: retail, hospitality, leisure, nurseries, and airports. For the purposes of this allocation, retail, hospitality, leisure and nursery properties are defined in Annex D, and airports are defined in Annex E.
11. In order to ensure consistency with the Central Ratings List and the fact that these industries have been relatively insulated from the adverse impacts of COVID-19, the following sectors have been deemed out of scope of the relief and given a zero weighting: networks supplying utilities and associated properties. These are defined at Annex F.
12. Allocations are rounded to the nearest pound.

## Annex B: Split of the Transport and Storage SIC1 Category

Category	SIC2 Components	Description
Transport	49.1-2	Rail transport
	49.3-5	Land transport
	50	Water transport
	51	Air transport
Storage and Distribution	52	Warehousing/transport support activities
	53	Postal and Courier Activities

This split, and subsequent GVA weighting, uses data from:

<https://www.ons.gov.uk/economy/economicoutputandproductivity/output/datasets/industryofservices>

## Annex C: Mapping of SIC to Special Category Code

SCat code	Special category description	SIC code	SIC definition
	<b>RETAIL SECTOR</b>		
	<b>Retail - Financial &amp; Professional Services Sub-sector</b>		
021	Banks/Insurance/Building Society Offices and Other A2 Uses	K	Financial Services
