- help the Council and other Committees do their work better.
- produce defined outcomes associated with each scrutiny item.
- manage ‘watching brief’ items for areas of concern where the need for or the precise area of scrutiny has not been identified - to be picked up by the Working Group (e.g. lessons learned from Project Management Office).

- duplicate review work being undertaken elsewhere, e.g. by another Committee.
- look backwards or be focussed on blame, rather than come from a place of ‘lessons learned’.
- use Committee Meetings as a forum for receiving information, discussing / planning the detail and validity of suggested scrutiny items.
- accept items where Officers have not yet been approached and asked for response / further detail on a matter.
- accept items where they fall in the remit of another committee, and that committee hasn’t made the referral, or first reviewed it within their Committee.
- have a standing item for ‘any other items of scrutiny members wish to consider’ as under the proposed new process is designed to accommodate this.
