INTRODUCTION

These Contract Procedure Rules apply to all officers, members and agents acting on behalf of the Council involved in Procurement and Contract Management and are issued in accordance with section 135 of the Local Government Act(1972) and section 1-29 of Local Government Act (1999). These rules are intended to promote good purchasing practice and public accountability and deter corruption. Following the rules is the best defence against allegations that a purchase has been made incorrectly or fraudulently.

Officers responsible for procurement and contract management activities and decision making must be fully aware of and comply with these rules. Officers have a duty to report breaches of these Contract Procedure Rules to an appropriate Director, the Monitoring Officer, and Lead Specialist Procurement.

Should a conflict be found between these rules, the law and procurement guidance, the order of precedence shall be the law, these rules, and any guidance. The Chief Finance Officer in consultation with the Lead Specialist Procurement may make minor changes to these Contract Procedure Rules.

Minor changes are defined as:

- Changes in statutory framework, such as references to new or updated legislation
- Changes in titles, names, or terminology
- Changes consequential to other constitutional changes already made.

Legislation

The Councils procurements are regulated by the Procurement Act 2023 and the Procurement Regulations 2024. There is other legislation that needs to be considered such as the Social Value Act 2012 and the Transparency Code 2015, which will impact on procurement, and it is important that officers are aware of the wider legislative framework.

Where a procurement was started under the Public Contracts Regulations (2015) then that procurement or contract will continue to be under these regulations until the end of the contract or framework.

Objectives

The Procurement Act 2023 sets out a series of objectives which procurements must have regard to they are;

- Delivering value for money
- Maximising public benefit
- Sharing information for the purposes of allowing suppliers and others to understand the Councils policies and decisions
- Acting and being seen to act with integrity.

Procurements must also have regard to the National Procurement Policy statement which sets out national priorities for procurement;

- Value for money
- Social Value
- SMEs

It is important that procurements support the delivery of the Councils wider ambitions

(Transfer of Undertakings (Protection of Employment) Regulations 2006)

Subject to certain conditions, these regulations apply where responsibility for the delivery of works or services for the authority is transferred from one organisation (e.g. private contractor, local authority in-house team) to another (e.g. following a contracting out or competitive tendering process) and where the individuals involved in conducting the work are transferred to the new employer. These regulations seek to protect the rights of employees in such transfers, enabling them to enjoy the same terms and conditions, with continuity of employment, as existed with their former employer. Broadly, TUPE regulations ensure that the rights of employees are transferred along with the business.

Value for Money

Value for money is not the lowest possible price; it combines goods or services that fully meet your needs, with the level of quality required, delivery at the time you need it, and at an appropriate price.
